Project Report

REVAMP AND REVIVAL OF
MAHARANI LAKSHMIBAI GIRLS SCHOOL
MATHURA

About Us

At Anweshka Foundation we believe that lack of education and substandard education are the primary bottlenecks of social progress and nation building. When every child gets opportunity to learn and acquire appropriate knowledge and relevant skills, he or she grows to become a valuable and a contributing member of society.

Anweshka Foundation- Mentored by Niharika Sharma is dedicated to help the underprivileged children to overcome the challenges they face in accessing and excelling in education. We provide free teaching, vocational training and career counselling services and give them scholarships to pursue higher education.

Adoption of Government School in Noida

Anweshka Foundation has already adopted Shri Kashiramji Primary School, located at Sector 45, Noida. It is a government school. We have been funding several infrastructure related projects and construction works within the school premises. Anweshka Foundation is also strengthening the school's intellectual resources by donating over 300 books for the school's library.

We have plans to provide Scholarships to the deserving students who want to pursue higher education. We will also offer skill training to students who pass out of the school and get them further ready for their career.

Why are we adopting School in Mathura?

Maharani Lakshmibai School is a centrally located primary School in Mathura, which is over 100 years old with an area of approximately 1000 sq. yards. It is located in the heart of the city and was a chief source of education to over 250 girls living in the surrounding areas. Presently, the school is in debris, with broken walls and damaged roof and has been non-operational for over two years. This has halted the education of the little girls studying in the school as their parents are reluctant to send them to other school, which are in far off areas.

The future of these little girls is at stake and Anweshka Foundation through its drive #LetEveryChildStudy aims to revamp the school, demolish the redundant structure and construct a new building in the premises to enable these little girls to continue their education.

Present condition of Maharani Lakshmibai School in Mathura

Development plan for Maharani Lakshmibai School in Mathura

Anweshka Foundation aims to construct a brand new two storey building in the premises and plans to come up with a green school concept with modern amenities and an eco friendly sustainable project which will enable the school to start its operations again and give a boost to “Beti Bachao, Beti Padhao”.

Pursuing this mission, however, requires immense funds. We are looking for your support and partnering with you in this noble task and you can be the solution to the academic needs of our upcoming leaders. We deeply appreciate a contribution at any level, but we have briefly bifurcated the needs of the building in the following categories, which can help us with raising fund for meeting the development expenses.

Partner with us in

- * Classroom Construction
- * Recreation Room/Library
- * Staff Room
- * Toilets
- * Furniture for Indoor & Outdoor
- * RO and water supply
- * Water Coolers
- * Fans
- * Tubelights
- * Blackboards
- * Library and books

Who can Partner with us?

You could be an individual or a corporate. Your contributions however small, are invaluable to us. Your donations will fulfill dreams of our children come true.
